## What is the Primary Residential Exemption?

(§§ 59-2-103, 59-2-103.5 and R884-24P-52)

The primary residential exemption is a 45% property tax exemption on most homes in Utah. This means you only pay property taxes on 55% of your home's fair market value.

### Eligibility

You may be eligible for the primary residential exemption if you occupy your home for 183 consecutive days or more in a calendar year.

The exemption applies to your house and up to one acre of land. Apartments, condos and mobile homes also qualify. Up to one acre of land per residential unit qualifies for the primary residential exemption, **IF** used exclusively for residential purposes.

Properties inhabited by tenants also qualify, if they reside in the property for 183 consecutive days or more in a calendar year.

**You must inform the county if you no longer qualify for the primary residential exemption.**

### Application

**You likely already have the primary residential exemption applied to your property.** Most homes that are used as residences and sold are presumed to continue as residences, so the primary residential exemption is ongoing without a new application.

**Certain counties may require a new application (Form PT-23 or county equivalent) in certain circumstances.** The Utah Code allows counties to pass an ordinance that requires an application should the property change ownership, change from a non-primary residence to a primary residence, or if the county reasonably believes the property may no longer qualify. Most often these counties require an application from the new owner when a home is bought and sold.

**A homeowner should always submit an application to the county if they inhabit their property for less than the full calendar year.**

### KEY POINTS:

- The **primary residential exemption** is 45% of your home's fair market value.
- **Some counties may require an Application for Residential Property Exemption (Form PT-23 or county equivalent) to receive the exemption.**
- **All other counties require a signed Residential Property Declaration (Form PT-19A) when title is transferred to a new owner.**
- **A homeowner should always submit an application to the county if they inhabit their property for less than the full calendar year.**
- **It is recommended to submit an application annually with current leases if your residential property is inhabited by a tenant.**

### DID YOU KNOW?

- **A building that is under construction and intended to be used as a residential property upon completion can qualify for the primary residential exemption before it is completed.** An application may be submitted to the County Assessor.
- **You can confirm you receive the primary residential exemption by determining any difference between the market value and taxable value on your Valuation Notice (received around the end of July) or Tax Notice (received around the start of November). The taxable value will be 55% of the market value.**
- **Only one household may claim the exemption within the state of Utah.** Married couples living apart cannot claim two exemptions. Unless couples have **legally** separated, they can only claim one exemption.
- **The primary residential exemption has existed since 1982, and was raised to 45% in 1995.**

### Residential Property Declaration

**Beginning 2019, if a county does not have an ordinance requiring an application for the primary residential exemption, a residential property declaration (Form PT-19A) is required when title changes on a home.** New homeowners must submit a residential property declaration to the county assessor within 5 business days of title change.

This ensures all homes receiving the primary residential exemption genuinely qualify, and reduces the chance that out-of-state residents who own residential properties in Utah are incorrectly identified as domiciled in Utah for state income tax purposes.

## Are Title Thieves Really Stealing Utah Homes?

QR for KSL-TV  
Story

If you've come across those infomercials touting services that promise to protect homeowners from fraudulent title theft, you might be wondering about the actual likelihood of such an event occurring. Rest assured, while title fraud is indeed a possibility, it's an exceptionally rare and unlikely occurrence.

In fact, earlier this year, several reputable local media outlets delved into the subject, seeking insights from experts. A notable example is KSL-TV's Matt Gephardt and Sloan Schrage, who explored the truth behind claims of title thieves in this eye-opening piece:

[www.ksl.com/article/50334898/ads-claim-title-thieves-can-steal-your-home-but-can-you-really-lose-your-house](http://www.ksl.com/article/50334898/ads-claim-title-thieves-can-steal-your-home-but-can-you-really-lose-your-house)

## Benefits of Title Insurance – Built in coverage for marketable title, fraud & forgery

While the news coverage shed light on this issue, it's worth noting that numerous homeowners are already safeguarded by their title insurance policies, often acquired at the time of property purchase. An Owner's policy encompasses protection against unmarketable titles, and many policies obtained since 2008 have extended coverage that includes safeguarding against post-policy forgery, fraud, and title-related complications. The specifics of coverage can vary, and deductibles might apply depending on the policy type. Remarkably, many policyholders could potentially have coverage that reaches up to 150% of their property's original purchase price.

## Property Watch - Free service in some counties

For homeowners seeking a proactive approach to staying informed about their property's status, the Property Watch service is a remarkable resource available in select Utah counties. This service allows residents to stay in the loop about any recorded changes affecting their property. Once you enroll, you'll receive email notifications whenever a document is recorded that impacts your property's status. Currently, this service is available in the following Utah counties:

Washington: <https://www.washco.utah.gov/2021/11/04/sign-up-for-property-watch/>

Salt Lake: <https://slco.org/data-services/PropertyWatch/PropertyWatch.aspx>

Uintah: <https://co.uintah.ut.us:8443/ords/ucdev/r/property-watch-signup/home>

Weber: [https://www.webercountyutah.gov/forms/property\\_watch/](https://www.webercountyutah.gov/forms/property_watch/)

Cache: <https://www.cachecounty.org/recorder/propertywatch/faq.html>

Utah: <https://property-watch.utahcounty.gov/>

Daggett: <https://www.daggettcounty.org/CivicAlerts.aspx?AID=1324>

While the fear of title theft might be a headline-grabbing concern, the reality is that this type of fraud is an anomaly rather than the norm. Existing title insurance policies offer significant protection for homeowners, and the Property Watch service provides a valuable tool for staying informed about changes to your property.

## Corporate Fraud Watch

The Utah Division of Corporations and Commercial Code provides a service to assist businesses in monitoring and receiving notifications regarding changes to their corporate information. These changes may be indicative of identity theft or fraudulent activities. The State promptly sends an email within 24 hours of any modification to a Business Address, Registered Agent, or Registered Principal. The cost for this service is \$3.00 per year.
